DETAILED ACTION

I. The amendment filed 4/22/04 is objected to under 35 U.S.C. 132 because it introduces new matter into the disclosure. 35 U.S.C. 132 states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows: "substantially free of arsenic impurities".

Applicant is required to cancel the new matter in the reply to this Office Action.

II. Rejection of claims 1,5,14 under 35 USC 102(b) as being anticipated by Yang will be maintained for reason on record and reason as follows. New claims 61 and 62 are added to this rejection. Applicant argues that Yang does not disclose an invention which is "substantially free of arsenic impurities" as in instant application. Applicant also argues that instant method is used to treat hematological cancer. Examiner would like to point out that in claim to a composition, a statement related to the intended use of the composition has patentable significance. In relation to the invention being "substantially free of arsenic impurities". Examiner views such statement as New Matter. See New Matter Objection in section I above.

III. Rejection of claims 1,5-8,11-13 under 35 USC 102(e) as being anticipated over Ellison will be maintained. New claims 61 and 62 are added to this rejection. Rejection of claims 56,57 under 35 USC 103(a) as being obvious over Ellison will be maintained for reason on record and reason as follows. See arguments in II above.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 1616

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
